

WHY FEES COST A BOMB

THE GOVERNMENT WANTS TO SPEND BILLIONS ON...

Keeping Trident nuclear weapons.....	up to £100 billion
Building two aircraft carriers.....	£5 billion
Government subsidies to arms exporters.....	£900 million per year
The war in Afghanistan.....	£11 billion (and counting)

**YET PLANS TO MASSIVELY CUT EDUCATION
SPENDING. BUT THERE IS AN ALTERNATIVE...**

**NO WAY
TO £9k!**

Billions are being wasted on wars we don't want and weapons we don't need.

The UK's huge military budget takes money away from essential public services and makes the world a more dangerous place.

Now is the time to cut military spending and invest in what people really want.

Visit www.feescostabomb.org.uk to find out more and take action.
